

INTRODUCTION TO WELDEX

Weldex (International) Offshore Ltd (Weldex) offer a comprehensive service to the Oil related and Construction Industries in the UK and a Crawler Crane Hire service World Wide.

The company was formed in 1979. Its Headquarters are in Inverness, Scotland. The company also operates depots in Derbyshire, Glasgow, Methil, Co Dublin and London.

The core business is the hire of crawler cranes in the 5 to 1350 tonne capacity range, complete with operator and with a full maintenance and service capability. Additionally the company can provide a complete lifting service including: project management services; planning a lift; preparing a method statement; associated risk assessments; supervising the lift using our own appointed persons; providing labour and supplying lifting equipment. Recent involvement in offshore and onshore wind farm projects has given us expertise in erection, lifting, cabling and torquing.

Weldex also supplies, on a hire or sales basis, all specialist lifting equipment. The company manufactures wire rope slings up to 38mm diameter and also manufactures many types of specialist lift equipment such as lift beams.

Weldex has recently celebrated 21 years in the business and from it's early roots serving construction companies in Scotland is now the largest crawler crane hire company in the UK with over 150 cranes in the fleet. The policy of reinvesting profits each year has resulted in a large modern fleet of crawler cranes. A significant amount of money has been invested in new modern Hydraulic Crawler Cranes from many of the leading manufacturers including, Demag, Manitowoc and Liebherr.

The Head Office in Inverness is where the Engineering, Lifting Equipment sale and hire and the Fabrication Workshop facilities are based. From the Head Office and the depots throughout the UK (Alfreton, London, Dublin, Glasgow) crane hire can quickly be supplied, together with a fast, efficient maintenance service.

Weldex provide a world wide service, successful contracts from Siberia to France, from Portugal to Mauritius have proven Weldex have the capability to deliver a quality, safe lifting solution.
