

Let WELDEX take the strain out of your lifting operations. We can offer a complete package from estimating to job completion.

You are already familiar with our extensive range of crawler cranes for hire and our ability to provide lifting equipment for sale or hire. We can also offer a complete project management and engineering service for all your lifting needs.

- Engineered Solutions for Lifting Operations
- Production of Lift Procedures
- Contract Lifting Operations
- Production of Technical Drawings in CAD
- Design of Lifting Equipment
- Trailer Transportation Procedures

We can provide safe, economical, technical solutions; tailor made to suit your needs. Please call our Inverness Office to discuss your lifting requirements.
